193 Municipal Dr. • Bushkill, Pike County, PA 18324 • (570) 588-9365 • Fax (570) 588-1864

Thank you for your recent inquiry regarding Building Permit procedures. The following is a step-by-step list of our procedures, fees, and other notes that may assist you in understanding the regulations involved.

1. Applications may be obtained at the Township Office Monday through Friday, 8:00 a.m. – 4:00 p.m., or by mail. Checks are payable to Lehman Township. Inspector is available Monday-Friday 8:00 a.m.-3:30 p.m.
2. The Township requires a completed Building Permit application (signed and dated) copy of deed, copy of survey, copy of site plan, 3 sets of Building Plans, signed Trespass Waiver, Agent authorization (if applicable), Workers Compensation Insurance form and check payable to Lehman Township (see Building Fees). **\*\*REMINDER: 2009 IRC Requires: all braced wall lines, shall be identified on the construction documents and all pertinent information including, but not limited to, bracing methods, location and length of braced wall panels, foundation requirements of braced wall panels at top and bottom shall be provided.**
3. A Building Permit is **NOT** needed for One-story detached accessory structures, provided the floor area does not exceed 1000 square feet.

### RESIDENTIAL BUILDING FEES

***The fee will be determined by Building Inspection Underwriters (BIU) after review of your plans.***

4. Once the Building Inspector has approved your application, you will be responsible for inspection requests. Some of the various inspections involved include: footers, foundation, concrete slab, rough plumbing, framing & masonry, special and final inspections.

**\*\* PLEASE NOTE** that after the foundation is in, all work **MUST** cease and no foundation inspections will be made until a Certified Foundation Survey Plan has been submitted, reviewed and approved by the Building and Zoning Officers. Inspection requests may be telephoned in during regular business hours, and will be placed in the Inspection Log Book for the following business day. However, a request for **FINAL INSPECTION MUST BE IN WRITING ON PROVIDED FORM**. To save time and re-inspection fee costs, make arrangements in advance so that the Building Inspector has access to the areas he will need to inspect. All temporary/permanent stairs must be installed.

5. In order to obtain a Certificate of Occupancy, an Electrical Certificate, if applicable, must be submitted to the Building Inspector prior to the Final Inspection. **Final Inspection to be submitted on provided form.**  
The Township also requires, prior to the issuance of the Certificate of Occupancy, an inspection certificate, provided by a qualified individual, for all buildings using a gas appliance and any energy connection, other than electric, to verify that the installation is safe and in accordance with the manufacturers or trade specifications.
6. Occupancy of any structure prior to the Certificate of Occupancy's issuance is unlawful, and will not be permitted. Avoid problems. If your builder has informed you of job completion, consult the Township Office to verify that your Certificate of Occupancy has been issued.

## *Lehman Township Board Of Supervisors*

193 Municipal Dr. • Bushkill, Pike County, PA 18324 • (570) 588-9365 • Fax (570) 588-1864

TO: CONTRACTORS  
FROM: BUILDING INSPECTOR  
  
RE: REQUIRED INSPECTIONS

In Lehman Township, all construction is regulated by the current International Residential Code.

The Township makes the following Inspections on all new construction to determine that it adheres to the code:

1. Before the footer and/or foundation is poured; with steel re-bars hung in place (if applicable).
2. \* **STOP** – an as-built survey of the foundation must be submitted before the foundation can be backfilled; with perimeter drain in place, foundation parged and tarred.
3. Before the basement or garage slab is poured.
4. Sheathing: before house wrap has been installed and taped
5. House wrap: after windows and doors have been installed. All seams and seams around doors and windows must be done.
6. Frame: After rough plumbing, mechanical and electrical, fire blocking and air barrier have been completed.
7. Insulation.
8. Drywall: before taping and spackling.
9. Final: Upon completion of all construction and grading.

There is a \$65.00 Re-Inspection fee upon each failed inspection and a re-inspection will not be performed until paid to Lehman Township.

Prior to issuance of the Certificate of Occupancy, the Township requires an electrical certificate, to verify that an electrical inspection (rough and final) was performed by a licensed electrical inspector.

The Township also requires, prior to the issuance of the Certificate of Occupancy, an inspection certificate, provided by a qualified individual, for all buildings using a gas appliance and any energy connection, other than electric, to verify that the installation is safe and in accordance with the manufacturers or trade specifications.

It is the builder's obligation to schedule inspections. The request for **FINAL INSPECTION MUST BE IN WRITING.**

All houses with a Certificate of Occupancy under the International Residential Code standards have completed the above review process.

## CERTIFICATION FOR FACTORY BUILT STRUCTURES

OWNER: \_\_\_\_\_

LOCATION: \_\_\_\_\_

PURPOSE: The building industry now produces an abundance of factory or pre-built structures that are delivered to the construction site for installation and/or connection only. Interior and exterior walls are completed and much of the usual inspection work performed by Township inspectors is, therefore, impossible. This certificate is designed to replace the normal inspection work concerning these items.

\_\_\_\_\_ hereby certifies to Lehman Township that:  
Name of Builder

1. He/She is the builder or supplier (or an officer of a corporate builder or supplier) of a factory built structure delivered to the site described above and,
2. The construction of the structure described herein is built in accordance with PA Rules and Regulations and,
3. He/She is familiar with the Lehman Township Building Code, and the International Residential Code.

Signature: \_\_\_\_\_ Date: \_\_\_\_\_

Mailing Address: \_\_\_\_\_

NO PERMIT FOR ANY FACTORY BUILT STRUCTURE WILL BE ISSUED UNLESS THIS CERTIFICATION HAS BEEN PROPERLY EXECUTED AND FILED. FALSE, MISLEADING OR OTHERWISE INACCURATE STATEMENTS IN THIS CERTIFICATION WILL RESULT IN THE REVOCATION OF ANY BUILDING PERMIT OR CERTIFICATE OF OCCUPANCY ISSUED IN RELIANCE THEREON.

### To All Contractors and Private Individuals:

Effective August 31, 1993, the following is needed before a Building Permit will be issued:

- 1) All contractors with employees must submit a completed Workers' Compensation Information Form and a current Workers' Compensation Insurance Certificate with the following information on it:
  - a) A notation to the effect that the insurer must notify the Township of the expiration or cancellation of any such policy of insurance within three (3) working days.
  - b) The certificate must list Lehman Township as a "certificate holder".
- 2) If the applicant is a private individual, that person does not need proof of insurance.

NOTE: Any violation of the above shall result in the issuing of a "stop work order" until compliance has been obtained.

Stanley Whittaker, Lehman Township Zoning Officer
