

## **Department of Health Provides Update on COVID-19, 579 Positives Bring Statewide Total to 83,770**

**Harrisburg, PA** - The Pennsylvania Department of Health today confirmed as of 12:00 a.m., June 25, that there are 579 additional positive cases of COVID-19, bringing the statewide total to 83,770. All 67 counties in Pennsylvania have cases of COVID-19.

There are 6,557 total deaths attributed to COVID-19, an increase of 39 new deaths.

“As we move closer to having the entire state in the green phase, we must remain committed to protecting against COVID-19,” Secretary of Health Dr. Rachel Levine said. “Pennsylvania has been a model for the country on how to reopen effectively using a careful, measured approach. However, the virus has not gone away. Each of us has a responsibility to continue to protect ourselves, our loved ones and others by wearing a mask, maintaining social distancing and washing our hands frequently. Together we can protect our most vulnerable Pennsylvanians, our essential workers and our healthcare system.”

Mask wearing is required in all businesses in yellow and green phases of reopening. Consistent mask wearing, even in counties in the green phase, could have lasting benefits as a COVID-19 surge is possible this fall.

There are 632 patients who have a positive serology test and either COVID-19 symptoms or a high-risk exposure, which are considered probable cases and not confirmed cases. There are 621,031 patients who have tested negative to date. Of the patients who have tested positive to date the age breakdown is as follows:

- Nearly 1% are ages 0-4;
- 1% are ages 5-12;
- 2% are ages 13-18;
- Nearly 7% are ages 19-24;
- Nearly 37% are ages 25-49;
- Nearly 25% are ages 50-64; and
- Nearly 28% are ages 65 or older.

Most of the patients hospitalized are ages 65 or older, and most of the deaths have occurred in patients 65 or older.

In nursing and personal care homes, there are 17,454 resident cases of COVID-19, and 3,123 cases among employees, for a total of 20,577 at 676 distinct facilities in 50 counties. Out of our total deaths, 4,471 have occurred in residents from nursing or personal care facilities

Approximately 6,341 of our total cases are in health care workers.

For the latest information for individuals, families, businesses and schools, visit “Responding to COVID-19” on [pa.gov](https://www.pa.gov).

Currently, all 67 counties are in the yellow or green phase of reopening.

**Statewide – The Wolf Administration has since noon, June 23:**

- Provided the latest [CMU report](#).
- Provided an update from Pennsylvania State Police [on business closure enforcement actions](#).
- [Visited Penn State Health Milton S. Hershey Medical Center to thank staff](#) for work during pandemic.
- [Awarded \\$2 million in senior center grants](#).

**The Wolf Administration stresses the role Pennsylvanians play in helping to reduce the spread of COVID-19:**

- Wash your hands with soap and water for at least 20 seconds or use hand sanitizer if soap and water are not available.
- Cover any coughs or sneezes with your elbow, not your hands.
- Clean surfaces frequently.
- Stay home to avoid spreading COVID-19, especially if you are unwell.
- If you must go out for a life-sustaining reason, please wear a mask.

All Pennsylvania residents are encouraged to sign up for AlertPA, a text notification system for health, weather, and other important alerts like COVID-19 updates from commonwealth agencies. Residents can sign up online at [www.ready.pa.gov/BelInformed/Signup-For-Alerts](http://www.ready.pa.gov/BelInformed/Signup-For-Alerts).
