

Department of Health Provides Update on COVID-19, 829 Positives Bring Statewide Total to 122,950

Harrisburg, PA - The Pennsylvania Department of Health today confirmed as of 12:00 a.m., August 14, that there are 829 additional positive cases of COVID-19, bringing the statewide total to 122,950. All 67 counties in Pennsylvania have cases of COVID-19.

Philadelphia is reporting an increase of 147 cases.

The number of tests administered within the last 7 days between August 7 and August 13 is 165,694 with 5,600 positive cases. There were 26,069 test results reported to the department through 10 p.m., August 13. These results represent the total number of tests administered.

There are 7,445 total deaths attributed to COVID-19, an increase of 36 new deaths reported. County-specific information and a statewide map are available on the [COVID-19 Data Dashboard](#).

“The mitigation efforts in place now are essential as the new school year approaches and we work to ensure our children can get back to learning,” Secretary of Health Dr. Rachel Levine said. “Wearing a mask, practicing social distancing, and following the requirements set forth in the orders for bars and restaurants, gatherings and telework will help keep our case counts low. Together, as Pennsylvanians, we each have a part to play in working to ensure that cases of COVID-19 remain low.”

Mask-wearing is required in all businesses and whenever leaving home. Consistent mask-wearing is critical to preventing the spread of COVID-19.

There are 644 patients who have a positive serology test and either COVID-19 symptoms or a high-risk exposure, which are considered probable cases and not confirmed cases. There are 1,304,739 patients who have tested negative to date. Of the patients who have tested positive to date the age breakdown is as follows:

- 1% are ages 0-4;
- 1% are ages 5-12;
- Nearly 4% are ages 13-18;
- Nearly 10% are ages 19-24;
- Nearly 38% are ages 25-49;
- Nearly 23% are ages 50-64; and
- Nearly 24% are ages 65 or older.

Most of the patients hospitalized are ages 65 or older, and most of the deaths have occurred in patients 65 or older.

The department is seeing significant increases in the number of COVID-19 cases among younger age groups, particularly 19 to 24-year-olds. [An alert was sent to healthcare providers](#) about the changing COVID-19 case demographics, as there are more cases in younger age groups than in those 50-64 and 65+. The following regions saw significant increases among 19 to 24-year-olds in each month from April to present in August:

- SE – Nearly 5 percent of cases in April to nearly 17 percent of cases so far in August;
- NE – 6 percent of cases in April to approximately 17 percent of cases so far in August;
- SW – Approximately 5 percent of cases in April to 12 percent of cases so far in August;
- SC – Approximately 7 percent of cases in April to nearly 12 percent of cases so far in August;
- NW – Nearly 7 percent of cases in April to approximately 9 percent of cases so far in August; and
- NC – Approximately 7 percent of cases in April to nearly 8 percent of cases so far in August.

In nursing and personal care homes, there are 20,285 resident cases of COVID-19, and 4,209 cases among employees, for a total of 24,494 at 890 distinct facilities in 61 counties. Out of our total deaths, 5,056 have occurred in residents from nursing or personal care facilities.

Approximately 8,826 of our total cases are amongst health care workers.

For the latest information for individuals, families, businesses and schools, visit “Responding to COVID-19” on pa.gov.

Currently, all 67 counties are in the green phase of reopening.

Statewide – The Wolf Administration has since noon, August 13:

- Released latest [CMU metrics report](#).
- [Announced Pennsylvania COVID-19 Response Task Force for Health Disparity](#).
- [Announced PHARE funding](#) to support affordable housing and [affordable rental housing](#).
- Provided [Pennsylvania State Police enforcement data](#).

The Wolf Administration stresses the role Pennsylvanians play in helping to reduce the spread of COVID-19:

- Wash your hands with soap and water for at least 20 seconds or use hand sanitizer if soap and water are not available.
- Cover any coughs or sneezes with your elbow, not your hands.
- Clean surfaces frequently.
- Stay home to avoid spreading COVID-19, especially if you are unwell.
- If you must go out, you are required to wear a mask when in a business or where it is difficult to maintain proper social distancing.

All Pennsylvania residents are encouraged to sign up for AlertPA, a text notification system for health, weather, and other important alerts like COVID-19 updates from commonwealth agencies. Residents can sign up online at www.ready.pa.gov/BeInformed/Signup-For-Alerts
